

Hi Friends,

I wish to introduce you to the largest India Community Center in the country located in our own backyard here. The Center is the brain child of Godhwani brothers and the vision is to have a similar center in all major parts of North America. The Center is non-religious and non-political for the entire Indian Community. With 2500 members already in place within an effort of less than 8 months, I have no doubt about ICC being The Center for Indians in North America. There is something for everyone every day!

It is a 20,000 sq ft facility and the Address is: 555 Los Coches Street, Milpitas, CA 95035. I feel fortunate in becoming instrumental in the process of acquiring this facility for India Community Center.

Info and Directions: 408-934-1130 or [www.indiacc.org](http://www.indiacc.org) " "

Manjula Gupta, a prominent part of the center, has started Indian Karokee nights for the benefit of music lovers and some local singers have already started hosting the Friday night every week starting at 8 p.m. I am trying to help Manjula and ICC in this effort and through this mail request you to explore this Center and volunteer to host a Friday night. I know we have many talented Indian singers within our Kashmiri community.

Please hear my friend Arun Malhotra (some of you have heard him at my events) on Friday, 12th December, 2003 who is hosting that Friday night. Last Friday night was hosted by another friend Arun Mehta, a great singer and some previous nights were hosted by our friends Rajiv Batra, Anil Gupta, Sunil Tomar and others. It is a lot of fun out there and don't miss it in the future. If you wish to contact Manjula directly, please write to her at [manjulagupta@hotmail.com](mailto:manjulagupta@hotmail.com). and volunteer to support the Center. ICC is our last hope to unite the entire community. Look forward to seeing all of you there.

**Jeevan Zutshi**
